THE GOVERNOR'S PROPOSED BUDGET WOULD CUT PAYMENTS TO MEDI-CAL PROVIDERS

The Medi-Cal Program provides needed health care services to more than 6 million Californians. Governor Schwarzenegger proposes a 10 percent reduction in payments to many providers of health care services in the Medi-Cal Program — such as doctors, hospitals, clinics, and managed care plans. The Governor's proposed reductions would result in total General Fund savings of more than \$650 million in 2007-08 and 2008-09 combined, but also would cause the state to lose a similar amount of federal funds. In February, the Legislature approved a 10 percent rate cut for a narrower set of Medi-Cal providers effective July 1; however, legislators have indicated they may reconsider that decision when they develop the 2008-09 budget.

Note: Estimates are based on the Medi-Cal caseload in October 2007 in each zip code. Estimates reflect each district's share of the estimated 2008-09 Medi-Cal caseload. The estimated loss of funds includes General Fund and federal funds for 2007-08 and 2008-09 combined and includes reductions to public and private Disproportionate Share Hospitals. Estimates of affected recipients are rounded to the nearest 10 and estimates of loss of funds are rounded to the nearest \$1,000.
