

Policy Perspectives empowers state and local decision-makers, advocates, researchers, funders, and other leaders with the information they need to advance smart policy choices and the right kinds of public investments.

Through events held across the state, and related web-based trainings and convenings, Policy Perspectives provides timely information intended to broaden engagement in vital budget and policy debates. Event speakers and panelists discuss the latest research and provide expert analysis, share various viewpoints and insights, and participate in open dialogue on critical challenges and policy questions facing California.

By sponsoring Policy Perspectives you can help give all Californians the opportunity to participate fully in the state's economic, social, and political future.
