What comes to mind when you think of the state budget?
Budgets are statements of our values and priorities.
Goals of the Presentation

• Highlight **key facts** about California’s state budget

• Describe the **constitutional framework** for the state budget process

• Review the budget process timeline, including the **Governor’s role** and the **Legislature’s role**

• Discuss when and how **members of the public** can get involved
Key Facts About the State Budget
The state budget = state funds + federal funds.
State Funds Account for Nearly Two-Thirds of California’s State Budget

Total Proposed 2018-19 Expenditures = $296.2 Billion

California’s state budget is actually a budget “package.”
The budget package consists of one or more **budget bills** plus budget-related **trailer bills**.

There is no limit on the number of trailer bills that may be included.
The 34 Bills in the 2017-18 Budget Package (So Far)

- **AB 97**: The initial 2017-18 budget bill

- **AB 109, AB 120, AB 134, SB 108, and SB 113**: Additional budget bills that amended the initial 2017-18 budget bill

- **SB 107**: Another budget bill that amended the 2016-17 budget bill

- **Other bills in the budget package**: AB 99, AB 102, AB 103, AB 107, AB 111, AB 114, AB 115, AB 119, AB 126, AB 129, AB 130, AB 131, AB 133, AB 135, SB 84, SB 85, SB 88, SB 89, SB 90, SB 92, SB 94, SB 96, SB 97, SB 103, SB 110, SB 112, and SB 117
The Constitutional Framework for the State Budget Process
California’s Constitution establishes the basic rules of the state budget process.
US Constitution
- Roughly 7,800 words
- Amended 27 times

California Constitution
- Roughly 75,000 words
- Amended 500+ times
Several ballot measures, dating back to the 1970s, have had an impact on the budget and the budget process.

California Budget and the Budget Process
The state Constitution sets two budget-related deadlines:
January 10 and June 15.
Bills must be published, in their final form, at least 72 hours before being passed by the Legislature. (Proposition 54 of 2016)
The budget bill and most budget-related bills can be passed by a simple majority vote.
(Prop. 25 of 2010)
A supermajority (two-thirds) vote is needed to approve any tax increase. (Prop. 26 of 2010)
Prop. 26 added this key phrase to the state Constitution:

“Any change in state statute which results in any taxpayer paying a higher tax” requires a two-thirds vote of each house of the Legislature.
The state Constitution contains complex formulas that establish state budget priorities.
Three Key Budget Formulas in the State Constitution

• **Prop. 98 (1988):**
  — Guarantees a minimum level of funding for K-12 schools and community colleges.

• **Prop. 2 (2014):**
  — Requires some state revenues to be set aside to pay down debts and save for a rainy day.

• **Prop. 55 (2016):**
  — Creates a formula to boost funding for Medi-Cal, which provides health care services for low-income residents.
The State Budget Process: Key Players and Timeline
The budget process is cyclical.

Decisions are made throughout the year, both in public settings and behind the scenes.
The key players in the state budget process are...
The Governor  The Legislature  The Public
The Governor has the lead role in crafting the budget.
The Legislature reviews and revises the Governor’s proposals, with help from the Legislative Analyst’s Office (LAO).
Holly Mitchell, Chair, Senate Budget and Fiscal Review Committee

Mac Taylor, Legislative Analyst

Phil Ting, Chair, Assembly Budget Committee
Members of the public have various opportunities to make their voices heard during the budget process.
The state budget process can be divided into three distinct periods.

July to December

January to Mid-May

Mid-May to June
July to December
Governor’s Administration

- Department of Finance (DOF) leads development of Governor’s proposed budget.
  - Look for opportunities to engage with Administration officials.

Legislature

- Legislative leaders develop budget priorities.
  - Seek to have your priorities considered.
- Budget committee staff look ahead to upcoming budget deliberations.
  - Build relationships and suggest ideas for hearings.

The Bottom Line

• The state budget expresses our values and priorities.

• The state Constitution establishes the “rules of the game.”

• The budget process is cyclical – budget decisions are made throughout the year.

• The Governor has the lead role in crafting the budget; the Legislature reviews and revises the Governor’s proposals.

• Public input is a key part of the budget process and comes in many forms.
Goals of the Presentation

• Highlight key facts about **counties** and **county budgets**

• Review the **state rules and local practices** that shape the county **budget process**

• Describe the county budget process **timeline**

• Highlight opportunities for **members of the public** to get involved
California’s 58 Counties: The Basics
California County Government Basics

- 57 out of 58 counties are governed by an **elected, five-member Board of Supervisors**, with no elected chief executive. (San Francisco has an 11-member Board and an independently elected mayor.)

- Other independently **elected** county officials include the **Sheriff**, the **District Attorney**, and the **Assessor**.

- An **appointed County Manager** oversees the daily operations of the county government and prepares the annual budget (except in San Francisco).

- As legal subdivisions of the state, counties have **multiple roles in delivering public services**.
County budgets express our values and priorities.
County budgets are shaped by budget and policy choices at the state level.
County budgets also reflect *local* choices.
County revenues = state funds + federal funds + local funds
State and Federal Funds Combined Comprise Nearly Half of County Revenues, 2012-13

- **State Funds** (31.5%)
- **Federal Funds** (16.9%)
- **Property Taxes** (18.8%)
- **Enterprise Revenues** (13.3%)
- **Charges for Current Services** (8.8%)
- **Other*** (10.7%)

* Reflects a range of smaller revenue sources, including other taxes, fines, licenses, and permits.

Note: Data exclude the City and County of San Francisco.
Source: State Controller's Office
State rules constrain counties’ ability to raise revenues.

Counties cannot raise property tax rates to boost funding for local services (Prop. 13).

Other tax increases require approval by local voters (Prop. 13 and Prop. 218).
County budgets support a broad range of public services and systems.
Public Protection and Public Assistance Combined Account for Over Half of County Expenditures, 2014-15

* Reflects spending for public facilities, debt service, recreation and cultural activities, and education.
Note: Data exclude the City and County of San Francisco.
Source: State Controller’s Office
Counties develop their budgets according to rules outlined in state law (the “County Budget Act”).

Local practices also shape the county budget process.
State law recognizes three distinct versions of the annual county budget.

- Recommended Budget
- Adopted Budget
- Final Budget
State law gives counties two models for adopting their budgets.

The Board of Supervisors must adopt the county budget by either October 2 or – at county option – by June 30.
State law allows the Board of Supervisors to make many budget decisions by a simple majority vote.

However, a supermajority vote of the Board is required for some budget-related actions.
The county budget process is cyclical, with decisions made throughout the year.

Members of the public have various opportunities for input during the county budget process.
The county budget process and the state budget process proceed on parallel tracks.
County Budget Process: January to April

The county manager works with county staff to prepare the Recommended Budget.

The Recommended Budget reflects the objectives and guidance of the Board of Supervisors.
County Budget Process: May to June

The Board of Supervisors releases the Recommended Budget and holds a hearing.

By June 30, the Board either (1) formally adopts the county budget or (2) approves only the Recommended Budget, pending final action at a later date.
County Budget Process: July to September

If the Board of Supervisors does not formally adopt the budget by June 30, then they must do so by October 2.
County Budget Process: After the Budget Is Adopted

The county provides a copy of the budget to the State Controller.

The County Manager provides budget updates throughout the year.

Supervisors may revise the budget.
The Bottom Line

- County budgets are about **more than dollars and cents**.

- County budgets and the state budget are **intertwined** because counties are legal subdivisions of the state.

- Counties’ ability to raise revenues is **constrained by state rules**.

- The county budget process is **cyclical** and is shaped by both state law and local practices.

- **Public input** is a key part of the process.
